

# Client Accounting & Advisory Services

## Consider Hancock Askew as your Trusted Business Advisor

Our Client Accounting & Advisory Services Group offers solutions to our closely held business owners to address tax, accounting, and operational challenges. Organizations with the right people, processes, and systems are better positioned to respond to the shifting regulatory and business landscape. Conversely, inefficient processes or inadequate systems and controls can undermine the ability to provide timely and critical business information. We can outsource some or all of your accounting and tax functions and provide a scalable solution that can be adapted to fit the level of your organization's needs as they change.

### The Client Benefits

Hancock Askew's Client Accounting & Advisory Services Group partners with you, the business owner, to establish proper accounting, tax, and operating systems and ensure compliance with federal, state and local tax regulations. You are supported by an experienced team of professionals who can address almost any issue that may arise. We provide accurate information to you timely.

### Our Business Advisory Functions Include:
